COMMUNITY IMPACT STATEMENT

Council File: 15-0389-S2

Title: Community Councils / Same Privileges As Neighborhood Councils / Legal and Charter Considerations / Brown Act Compliance / Los Angeles Administrative Code Amendment

Position: Against

Council File: 15-0389-S1

Title: Addressing City Council, Commissions or Boards / Extend Time Allowance to Non-Certified Community Councils / Los Angeles Administrative Code Amendment

Position: Against

While the members of the West Adams Neighborhood Council appreciate the well-meaning intent of the motion referenced by Council Files 15-0389-S2 and 15-0389-S1, granting Community Councils the same privileges as those afforded to Neighborhood Councils pursuant to Los Angeles Administrative Code Section 22.819, West Adams Neighborhood Council must oppose the motion for the following reasons:

All certified Neighborhood Councils are required to comply with the Brown Act, Public Records Act, relevant City ordinances, and the policies and rules of the Board of Neighborhood Commissioners, Department of Neighborhood Empowerment, and the City Clerk's Neighborhood Council Funding Program and Election Division, including several training, funding, and records requirements. In contrast, community councils are not subject to these requirements, which serve to promote transparency, accountability, and public participation.

Neighborhood Councils are prohibited from activities such as raising outside funding, supporting or opposing candidates and ballot measures, and suing the city. Depending on their status Community Councils may support candidates and ballot measures.

Community Councils can restrict board membership in any way they choose, do not need

to give notice of meeting times and locations, do not have to allow the public to attend and address them, or let the public know what they are discussing and deciding. The purpose of the Neighborhood Council System is supposed to be open discussion of issues in a public meeting. Community Councils can meet and decide issues in ways that are opaque and secretive. Several years ago, the Pacific Palisades Community Council declined to seek Neighborhood Council status, stating it did not wish to comply with the Brown Act and other laws. It also solicits private contributions, which Neighborhood Councils are not allowed to accept. The Brentwood Community Council requires the annual payment of \$150 by each person serving on its Board, contrary to the City ordinance governing Neighborhood Councils. The Westwood Community Council, while unnamed in this motion, operates with “annual voluntary dues” and “contributions,” which Neighborhood Councils are again not allowed to accept. It also exists in an area already covered by two certified Neighborhood Councils, (the North Westwood Neighborhood Council and the Westwood Neighborhood Council). If this motion is implemented, this both could provide an unfair advantage to one community (of double speaking time, CIS filing, etc.) that is not available anywhere else in the City and could also muddle the stance of our area when there are disagreements.

Further, if this motion is adopted by the City Council, it will mean that other Community Councils, Civic organizations and possibly Homeowners organizations throughout the city can demand the same privileges. Will the Council next permit Homeowners Associations and Condo Associations the same rights as Neighborhood Councils? Residents Associations? Chambers of Commerce?

Instead of providing special treatment of community councils (and opening a Pandora’s box of who else gets recognized), the City Council should instead instruct the Department of Neighborhood Empowerment to prioritize the formation of Neighborhood Councils in community council areas where Neighborhood Councils do not now exist, and to facilitate participation by Community Councils in areas where Neighborhood Councils already exist. Further, if the City Council is concerned with hearing from Neighborhood Council and community voices, it should reinstate telephonic comment at committee meetings and make Neighborhood Council comment separate from public comment. Additionally, the City Council should address the movement of general comment to the end of the agenda, which was done in contradiction of Council rules and without debate or discussion.

COMMUNITY IMPACT STATEMENT

Council File: 24-0995

Regarding: Ratepayer Advocate/ Supplementary Review/ Proposed Sewer Service Charge Rate Adjustments/ Wastewater System Challenges

West Adams Neighborhood Council

Email: westadamsnc@gmail.com

Website: westadamsnc.org

Position: Support

The West Adams Neighborhood Council supports Council File 24-0995, which proposes to instruct the Bureau of Sanitation (BOS), with the assistance of the Ratepayer Advocate (funded by BOS), to conduct a supplementary review of the proposed Sewer Service Charge rate adjustments and the components that comprise it - consisting of the capital program, operation and maintenance expenses and debt service requirements - in order to assess its viability and determine if there are alternative methods to address the wastewater system's challenges thereby protecting the interests of the ratepayers. (Motion by Council member Monica Rodriguez)

In addition, two outreach events conducted by the Bureau of Sanitation to educate over 3,000,000 residents in Los Angeles about the proposed adjustments that will greatly impact their economy is simply insufficient. West Adams Neighborhood Council recommends more outreach be done.

The West Adams Neighborhood Council is opposed to the proposed increase in Sewer Service Charge. The increase, as proposed, 22% in 2024, and approximately 120% total by 2028 will be detrimental to the cost of living for residents and businesses of Los Angeles who are already struggling to make ends meet. The cost of living in Los Angeles is already too high. Lack of planning and foresight on the part of the Bureau of Sanitation should not adversely burden the citizens of Los Angeles. Therefore, SVANC supports CF 20-0995 and requests that more public outreach be done.

COMMUNITY IMPACT STATEMENT

Council File: 24-0602

Title: Synthetic Grass / Artificial Turf / Polyfluoroalkyl Substances (PFAS) / Forever Chemicals / Health and Environmental Risks / Drought-Friendly Landscaping

Position: Support

The West Adams Neighborhood Council supports CF 24-0602. The West Adams NC requests that the report requested from the Chief Legislative Office and the CAO office be unbiased, weighing the pros and cons of using artificial turf to replace grass in residential areas. The West Adams NC expects that in the report is an analysis of the costs, environmental hazards, and human health consequences of artificial turf installations containing polyfluoroalkyl substances, or PFAS in Los Angeles. If the report shows that current installations of artificial turf are detrimental, then that the City Council ban the use of artificial turf for residential purposes in the City of Los Angeles per SB676 passed in 2023.
